UNCLE SAM AND GREATER AMERICA

The money octopus is still rampant.

Western senators are confronted with another freight train.

The Brooklyn Eagle, a sterling Democrat, announces that Bryan is being de-throned and that Bryan is folding up its tent.

AGINALDO, who in his recent proclamation spoke of the Democratic party in the United States as his principal ally, does not seem to have changed his views on that subject.

The aggregate of the world's gold production last year falls short only about \$5,000,000 of being an even \$300,000,000, which is more than double the amount produced in 1892.

It is beginning to be realized, as yellow journalism sets aside and history takes its place in the Latin Spain War, that in spite of the entire unpopularity of the country great results were achieved with marvelous celerity.

With Bryanism feeding on Populism and calamity it would seem that Kansas, with her 300,000,000 to 400,000,000 bushels corn crop worth in cash at least \$100,000,000, cannot be considered even among the "possible" states for the candidate.

Bank deposits in Alabama, according to official reports, show an increase this year of 50 per cent. This statement of what the people are doing under a Republican Administration must be disheartening to the more money delusionists of that state.

It seems probable that the Democrats in 1900 are about to repeat their action in 1894, when they declared in National Convention that the war policy was a failure and demanded its abandonment. It is recalled that in many years there after before the Democracy secured even a measure of the country's confidence.

Loan profits and experience will also prove the inaccuracy of Democratic anti-expansion views as thoroughly as both logic and experience have proved the inaccuracy of the Democratic expansion views on the currency question. Three years ago the Democrats were Expansionists, and events have since proved the utter fallacy of their theories. Now they are anti-Expansionists, and time will as completely show their error in this particular.

The Kentucky state money society will hold its meeting next year at Carle's.

The Hon. J. C. Lincoln and Mr. William G. Foster will speak at Mt. Vernon September 12th.

The tobacco crop in this country for last year is estimated to be 2,400,000 pounds, and that of Nebraska 2,500,000 pounds.

At the meeting of the Kentucky school assembly at Louisville this week Prof. E. Smith was elected Third Vice-President.

H. A. Vance, treasury clerk of the county, was nominated for surveyor of Highland county, O., at the Democratic Convention last night.

The body of John Vandy, a farmer of Pleasant Valley, was found floating in the Licking river by fishermen. It is not known whether he committed suicide or was drowned in attempting to ford the river.

Thomas A. Saylor, publisher of the Public Ledger, has been elected to the position of president of the National Association of Public Ledger Publishers.

Raymond Miller, brother of Mr. W. M. Miller of Louisville, left this week for a trip around the world. He went by way of San Francisco, and will be home about two months. He hopes to reach the Paris Exposition by next May or June.

A Bachelor's Right of Passage is the name of a new book by a Frenchman, which is now being translated into English. It is a humorous and satirical work, and is being published by the New York Public Library.

Methodist Conference at Carlisle All Torn Up.

THE KENTUCKY CONFERENCE, M. E. Church, South, is now in session at Carlisle.

After the preliminary sessions of the church, the first name being that of the Rev. John H. Hovee, President Elder of the Lexington District.

A session was then opened by the election made to the passage of Mr. Hovee's charge by Robert T. Marshall of Flemingsburg.

There will be complaints, doubtless, against one or two other prominent members of the conference, but none so serious as those made against President Elder Hovee.

The Committee appointed to investigate the case of Mr. Hovee went to Flemingsburg to take the testimony of prominent physicians of that city who are unable to appear in Carlisle.

The Rev. W. F. Taylor, Shelbyville; the Rev. D. M. Cooper, Bloomfield; and the Rev. W. W. Jones, Flemingsburg, are the members of the committee.

Two strong factions are warring on the return of Rev. W. S. Grinstead to Millersburg.

The Bishop and his cabinet are making the appointments in the most private manner. Carlisle is entertaining handsomely.

The sessions will last till next Monday.

You may bridle the appetite, but you can not bite the hand that feeds you. You must be bridle with it. It is the best liver regulator. Price 50 cts. J. & S. Wood & Sons.

THE PRICE FIGHTER HAD A DREAM—

A Horrible Nightmare.

I dreamed that I visited rubber factories without number, endeavoring to buy machines and at prices then prevailing, and in every case was met with this statement: "Oh, Mr. Price, owing to the severe advance in materials we have been compelled to advance our price 20 per cent."

Turning my attention to machines and farm implements I met the same result only worse. It was a horrible dream. I awoke and calmly thought the matter over and determined

THE BUYERS' GUIDE.

"The Truth is Ever Believed From Who Has Never Deceived!"

Last week this space promised you important information. Here it is on schedule time. Owing to the rapid inroads made upon American forests in the last year good timber for manufacturing purposes is becoming scarce and correspondingly high. Quarter sawed oak has advanced 50 per cent. In the last 60 days. Flushed iron and steel has advanced 30 per cent. In the last 90 days. Varnish, glue and furniture hardware, like cabinet, have all had an upward of advance. Everything entering into the construction of furniture and machines has had a severe advance. In self protection the manufacturer has had to advance the finished product. Chairs and Bedroom Suits have advanced 30 per cent, steel wire Spring and Cots 50 per cent, Farm Wagons 12 1/2 per cent, Machines and Farm Implements 30 per cent, and Plows 10 per cent. In the last three months. On the night of the 13th day of April, after having eaten a very hearty supper composed of

I arose, ate breakfast—rolls and coffee—and commenced buying goods for future use. I bought first all kinds of Furniture—enough to last this year out—and today you can buy of us any article of furniture

At the Same Old Price. Steel Wire Folding Cots are Still 98 Cents Here.

Enter any other furniture store and you will find that they have advanced the price of furniture at least 20 per cent. We propose to give you the advantage of our spring purchases. After loading up on Furniture we turned our attention to machines and Farm Implements and bought as long as the money lasted. We bought Machines and Farm Implements until we were

and could buy no more. We freely confess that we did not get enough Farm Implements. Our money ran out. We bought

all we could. We are Pretty Well Fixed Though.

On most any machine or farm implement we will give the same old price, which means a clear saving of at least 30 per cent.

Now Don't You Be a Lobster

and decide that this is merely an advertising dodge. Don't do it, but investigate the matter; look at other stores, get their prices, and when you find that they have advanced the price come to the Price Fighter and get them at the same old price.

OLD PRICES STILL PREVAIL

upon everything that we bought before the advance. We hereby pledge ourselves to give ALL the advantage of our spring purchases, which means a clear saving of 30 per cent. to you.
